NOTED SOPRANO

Will Sing Tonight on a Return Engagement to This City — Alice Nielsen Will Appear Before Maysville Audience.

Tonight is the time set for the return of Miss Alice Nielsen, the noted soprano, who, on her previous trip, was unable to sing. Miss Nielsen will be accompanied by her artists, Messrs. Kirk-Smith and Reddick.

The big tent for the entertainment tonight arrived yesterday and is being set up today. A full crew is present with the tent and everything will go off as smoothly as if a whole chautauque were coming instead of one number.

Miss Nielsen's reappearance has been eagerly looked forward to by those who were disappointed on her being unable to appear at her previous date. Miss Nielsen appears strongly to those music lovers who enjoy understandable programs. The greater part of her song recital is to be in English, and she has listed a number of familiar favorites which will be sung, on request, as encores. While Miss Nielsen is a serious artist, singing with splendid taste and beautiful musicianship, she also understands the need of giving her audiences the bright and happy side of music.

LINESTONE BUILDING ASSOCIATION

The fifty-fifth series of the reliable Limestone Building Association is now open. Persons desiring to purchase a home or to save money that will bring them a handsome profit should see H. C. Sharp, Secretary, J. W. Fitzgerald, Treasurer, or any of the directors, to secure the number of shares desired.

BACK ON THE JOB

Col. Andrew Jackson Boyd has returned to his old job pounding a telegraph key on the second trick at the C. & O. depot. Andy says that he had a fine time during his three weeks' vacation and that if he did not like his job so well he would have stayed longer.

HUGHES LEAVES ST. LOUIS FOR NASHVILLE ADDRESS

St. Louis, September 3.—Charles E. Hughes spent Sunday resting in St. Louis and left today for Nashville, Tenn. He is due to reach there tomorrow morning and will address a night meeting there. It will be the first speech in a southern city since his nomination.

Mr. Hughes went to church this morning, had luncheon and with W. R. Wilcox, Republican National chairman, he left at 9:30 p. m. took an auto ride through the city and suburbs. The nominee said he was feeling in good condition for the heavy work of the coming week, which will close with a whirlwind trip through Maine.

The nominee devoted some time today to a careful perusal of President Wilson's speech of acceptance and conferred with Chairman Wilcox over portions of it. Most of the conference, however, was devoted, it was said, to planning the itinerary of the trip through middle western, central and southwestern states on which Mr. Hughes expects to start about September 18. Mr. Wilcox said he thought the itinerary would be announced in New York this week, probably Wednesday.

ASKS CONCERNING BODY

Coroner Charles Slack received communication from Mrs. Mary Smith of Portland, Tenn., Saturday in regard to the body of the man who drowned off the steamer Greenland last week. She says in the letter that the man is her son and gives a fairly accurate description of him. Yesterday the coroner had the body photographed and the print sent to Mrs. Smith.

KITCHEN-BERRY

County Clerk J. J. Owens granted a license to wed to Allie Berry, 22, and Sadie Kitchen, 18, both of this city, Saturday.

A useful gift will be given to each child purchasing their school books of J. T. Kackley & Co. This is to celebrate their 34 years of public service.

AVERTS STRIKE

Wilson Signs Adamson Bill and Will Again Approve Measure Tuesday To Make Legality of Bill Certain.

Washington, September 3.—The Adamson eight-hour day bill, exacted from Congress last week by the railroad brotherhoods as the price of calling off the nation-wide strike ordered for tomorrow, was signed by President Wilson today in his private car at the Union Station where he stopped on his way from Shadow Lawn, N. J., to Hodgenville, Ky. That there may be no question as to the legality of the measure as a result of it having been signed on Sunday, the President will affix his signature again upon his return to Washington next Tuesday.

How long peace shall reign as a result of the bill apparently is dependent upon developments in the proposed move to test the constitutionality of the act. Should the railroads take no action, but await the beginning of the eight-hour day by the special commission for which the measure provides, the brotherhoods will remain inactive. The employees' leaders declare however, that should the law be held unconstitutional and the railroads decide to restore the ten-hour day on their lines, a strike will follow promptly.

Brotherhood heads in a circular letter to their members today made no comment on the measure passed. They merely pointed out that it would not become effective until next January 1, and that many things might occur between now and then which would change materially any suggestions or comment they might make.

Labor Leaders Absent

None of the brotherhood leaders witnessed the signing of the bill. They had expected according to tentative arrangements made by Secretary Wilson last night, to be present, but the president decided to attend to the business at the railroad station and newspaper correspondents gave them their first information about it. The four pens used by the President in signing the bill one for each syllable of his name—will be presented to the four brotherhood heads, A. B. Garretson, W. G. Lee, W. H. Carter and W. S. Stone, after being used for resigning the bill on Tuesday.

No ceremony attended the signing today. It originally had been planned that the President should go to the White House, but this was changed and instead, Rudolph Forster, assistant secretary to the President, took the bill to the train. Near the car window a group of trainmen in their overall paused in their work long enough to watch the President write his name. An engineer passing on a yard engine celebrated the occasion with several prolonged blasts of his whistle.

CHRISTIAN ENDEAVOR INSTITUTE

There will be a Christian Endeavor Institute or School of Methods to be held at the Christian Church in this city September 12th and 13th. C. F. Evans, Field Secretary of Kentucky, will be present and will be assisted by Mrs. E. H. Gartrell of Normal, Ky. Mrs. Gartrell is State Superintendent of Junior and Intermediate Work and has not only had wide experience in this State, but also in California. All members of Young People's Societies as well as the general public are cordially invited to be present.

FEW WENT TO FAIR

Only a small sized crowd went from here Saturday to the Manchester Fair. They report a nice time. The threatening skies caused a great many to stay at home fearing the rain and those going took a shower stick in case Jupiter Pluvius should go to work.

POTATOES VERY HIGH

Potatoes are now selling at 50 cents a peck owing to the fact that there was a small crop this year. The local grocers however say that the price will go down within the next few days however as the shortage was only local.

COUNTY COURT

In the Mason County Court Saturday Mrs. Julia Holmes was appointed administrator of James Holmes, deceased, without surety.

ON RECEPTION COMMITTEE

Hon. A. D. Cole has been re-elected as one of the Reception Committee in charge of Governor Hughes at Lexington on tomorrow.

Have your glasses fitted at Clooney's. Expert service. Solid gold spectacles or eyeglasses \$2.50. Gold fitted \$3.00. 15 years experience in successful fitting.

EMBARGO LIFTED

All embargoes placed on freight and passenger traffic by the railroads entering this city were cancelled yesterday. Mr. W. W. Wilcox of the Chesapeake and Ohio Railroad and Mr. H. S. Ellis of the Louisville and Nashville have received instructions to this effect.

The lifting of the embargo means that all traffic and shipping will be placed on the same basis on which it stood before the embargoes were announced. However, many markets, especially the fruits and vegetables and perishable goods, will be affected for several days by the embargo so far as they have been unable to get shipments of goods from far-away points and it will be several days before the shipments will begin to be received here.

WILL MAKE OPENING ADDRESS AT LEXINGTON

John W. Yerkes who has recently returned to Kentucky after some fifteen years stay in Washington, D. C., has accepted an invitation to participate in the big Hughes meeting at Lexington Tuesday afternoon. Mr. Yerkes will make the opening address followed by Edwin P. Morrow, who will introduce Mr. Hughes. Preparations have been made to entertain the largest crowd in the history of Lexington. Many from this section are planning to attend.

ATTEMPTS SUICIDE

Allie Haley of Lord's Hill, attempted to commit suicide yesterday afternoon when she drank a two ounce bottle of carbolic acid. Had it not been for the fact that the acid was weak her attempt would have been carried out. No cause can be assigned to the deed.

UNION SERVICE

The union service of the churches was held last evening in the Central Presbyterian Church. Rev. Will B. Campbell was the speaker for the evening. A large number were out to attend the last union meeting of the summer.

LARGE CROWD GOING TO CINCINNATI

A large crowd went from here this morning to attend the opening of the new speedway at Cincinnati today. One Maysville boy is entered in the race, Ray Griffith of Front street.

HOW CAN THEY SWALLOW IT?

The Tariff plank in the St. Louis platform is a "weak sister." The chronic reaffirmation of a "Tariff for revenue" is made in the usual stereotyped form. The Underwood Tariff (a dismal failure) is canonized; then mention of "economic changes" necessitating a Tariff board. Rather paradoxical, isn't it, that a Tariff for revenue only requires a Tariff commission? Not one word about national industry that needs Protection, at least to the extent of the difference in cost of production home and abroad.

In the light of Tariff history it is inconceivable to us how any shepherd with an ounce of interest for his own business will swallow the Tariff plank in the Democratic platform.—American Sheep Breeder and Wool Grower.

A STRAIGHT ISSUE

The Republican platform declares: "The Underwood tariff is a complete failure in every respect." That raises a direct issue that permits of no quibbling over definitions. If the Democrats think it is not a complete failure, let them come on with their specifications showing wherein it has succeeded. It proposed to reduce the cost of living, and it failed in that. It proposed to raise revenue, and it failed in that. In what respect did it accomplish anything the American people wanted accomplished?—Wilmington (Del.) Journal

HEADED IN EVERY DIRECTION

Mr. Wilson says his mind is progressive, but those who try to follow its progress can never tell the direction it is taking. It is, just as likely to be progressing backward as forward.

The Wilson administration now proposes to turn our chronic Mexican question over to a commission for settlement. This is another job for the Democratic boys, at good pay, and with nothing but a momentary interlude to result from it. It seems to be impossible for this administration to decide anything for itself.—Hartford Courant.

The lowly dog is faithful to his friend until death. Get down to the level of the dog.

THE INCONSIDERATE BEHAVIOR OF A CANDIDATE.

Why does Mr. Hughes insist upon talking about that old-fashioned, not to say "laquitos," doctrine, the protective tariff? For nearly the whole period of its industrial existence, the United States struggled along under protection. The Democratic party in 1913 came to the relief of an afflicted and burdened people.

The Republican Administration (not on account of the tariff, it is true) was overthrown. Before taking over the reins of government, and for many years prior to that time, countless Democratic statesmen had vainly tried to persuade the American people that the protective tariff was an iniquity, a veritable contrivance of devils. It fostered the trusts, and it was an elevator of prices even to the thirty-seventh story and the tower. They promised relief. The poor should be no longer oppressed; the cost of living should be reduced—must be, as the sure result of a tariff for revenue—protective only in spots, such as the Louisiana sugar mills and the Carolina cotton factories.

Doesn't Mr. Hughes know what the Administration did which he is now attacking? He ought to know. The Democrats, under the leadership of Mr. Wilson and Mr. Underwood, repealed that iniquity and abomination, the Payne-Aldrich tariff law—that foster mother of trusts and high prices—and enacted in its place the present law. Mr. Hughes knows, of course, as every head of a family in America knows, that the trusts have not yet been dissolved and that the cost of living is higher than ever—that the price of everything has reached an unheard-of height—but what of it?

What of it, indeed? While it is true that a protective tariff never failed, under any circumstances, to protect American industry and American labor, it is to be considered that the war in Europe has upset the plans of the present low-tariff administration considerably. Also it forms an excellent foundation for an alibi. It is a very unusual condition.

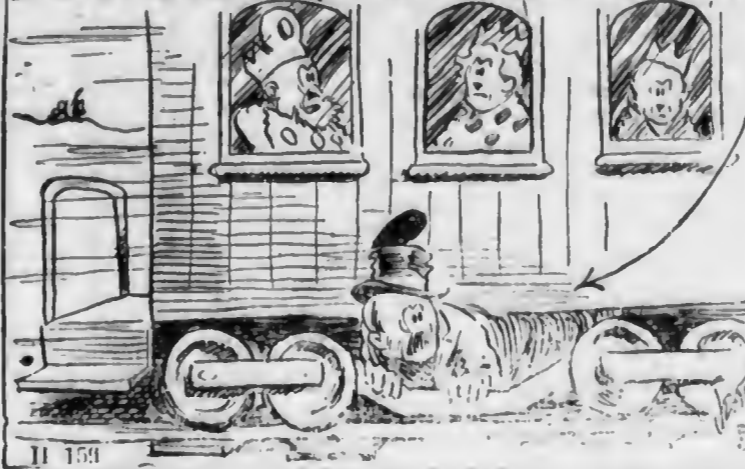

Now, the obvious thing for Mr. Hughes to do is to give the Democrats a chance to get their tariff on straight. Never mind the patient; let the doctor experiment. That time won't come, of course, until the war is over—according to the Democratic version. In other words the tariff-for-revenue doctrine doesn't fit the conditions; the conditions must be made to fit the tariff. So why this detour, Mr. Hughes?

Besides, when you discuss a little thing like the tariff, do you not know that Son-in-Law McAdoo and the other statesmen of the Democratic family are likely to repeat their accusation that you are "pettifoggery"?—Charles W. W. Va. Mail.

Most of the lead product of this country is smelted in three States, Missouri, Idaho and Utah, the amounts in 1915 being, respectively, 195,634 tons, 106,689 tons and 106,195 tons.

BUT THIS IS HOW HE DID IT

NEW YORK LETTER

(From Our Regular Correspondent)

Wilson Weak—The friends of Gov. Oakley C. Curtis, Democratic candidate for re-election in Maine, are authorizing for the statement that Gov. Curtis is so much stronger than President Wilson in that state that it has been a sacrifice of the Governor's interest to introduce national issues into the Maine campaign and to permit members of Mr. Wilson's cabinet to address the voters. The Democratic State Committee is seriously contemplating an eleventh hour shift, the ignoring from now on of national issues and a straight fight for the re-election of Mr. Curtis on his record as governor.

Who Cares For The Coast?—After re-joining for several years the recommendations of the Navy General Board, and after holding up for a year and a half the awarding of contracts for ships actually ordered by Congress, Secretary Daniels has now determined to make a spectacular start in naval construction on the eve of the national election and to that end has ordered that on October 25, bids shall be opened for the construction of four battleships, four scout cruisers and twenty torpedo boat destroyers. There is no navy yard available to build any of these ships and the private shipyards of the country are crowded to the limit, so that there is every prospect that the government will have to pay extremely high prices. The extreme prices which it will be necessary to pay now, it is pointed out by naval officers, could easily have been avoided had the administration heeded the recommendations of the General Board and provided a regular and systematic increase of the navy. But it took so long for President Wilson to read the handwriting on the wall and become a convert to preparedness, that once more the country will have to pay, and pay heavily, the cost of Democratic inefficiency and shortsightedness. However, the peanut policy which characterized the first three years of this administration has given place to one of the wildest extravagance and, as one naval officer remarks, "Who cares for \$25,000,000 more or less, now?" It is further declared that the prospect of final enactment of the worst of useless Shipping Bill, with its \$50,000,000 of government funds to be expended for ships, is also having its effect in stiffening the prices asked by private constructors for naval vessels.

Why Special Taxes Are Necessary—An increase of five hundred million of imports and a decrease of one hundred millions of customs revenue is the reason why this administration is compelled to impose numerous special taxes designed to raise \$205,000,000, besides selling bonds for \$130,000,000 and incurring indebtedness which undoubtedly will necessitate far greater bond sales. In a word, the Underwood tariff bill is a complete failure as a revenue producer. Many inquiries as to the necessity for these special taxes, whether they are solely the result of Democratic extravagance or whether they are caused by the preparedness program, have reached your correspondent. The simple, fundamental fact is as stated. While Democratic extravagance has doubtless played an important part, and while the preparedness program may be held to account for a part of the need, the tariff statistics issued by the Treasury Department really tell the story. Contrary to a popular impression, the European war has not de-

creased imports. On the contrary. As compared with the fiscal year ending June 30, 1912, (when the Payne tariff bill was in effect) the imports for the fiscal year ending June 30, 1916, show an increase of \$544,620,000; but the tariff revenue collected thereon shows a decrease, as compared with that collected in 1912, of \$99,391,000. Obviously, with a tariff bill which falls so far short of even the Democratic ideal, "a tariff for revenue only," the most rigid economy should have marked the appropriations of Congress, and equally obviously, the grossest extravagance has marked those appropriations; but if the Payne duties were still in force, with an increase of over five hundred millions in imports the entire preparedness program could have been carried for without the imposition of a penny of special taxes.

The Federal Reserve Act—it is generally remarked that all the credit which this administration might have derived from the enactment of the Federal Reserve Act has been destroyed by the appointment of John Skelton Williams, who has made the most thoroughly unfit Controller of the Currency in the history of the National Bank Act. A striking commentary on Williams is found in a letter addressed to him by J. J. Barley, president of the Bank of Valley City, N. D. Mr. Barley says, in part: "The Bank of which I am president is one of the few state banks in North Dakota with sufficient capital to be eligible under the law for admission into the Federal Reserve system. In banking capital, less investment in real estate, it is in third place among the more than 650 banks now operating under our state law. The officers and directors of the Federal Reserve bank of the 9th district have repeatedly invited and urged us to join and have frequently asked our objections to joining. We are fully conscious of the great benefits to trade, industry and investment, as well as the business of banking speedily, that are possible as a result of the federal reserve system, if administered wisely and kept free of personal and political influence, and we would gladly pay our pro rata share of the expense of maintaining the system, which is now being borne by the national banks exclusively. We are conscious, too, as all must be, including yourself, that the reserve bank system will not reach its full measure of usefulness while more than three fourths the country banks remain outside, and we look with misgivings, as you must, on the numerous conversions of national banks into state banks now taking place throughout the country, which must result in a further weakening of the federal reserve system. There must be good and sufficient reasons for these numerous conversions that are taking place, and there must also be reasons why eligible state banks, except in a few isolated cases, are not joining. The writer of this letter is a Democrat, his predecessor in the office of president was a Democrat, and four of our nine directors are Democrats which is a larger proportion than is usual in this overwhelmingly Republican state. We give full credit to the present Democratic administration for placing the Federal Reserve law on the statute books, and for the honest and patriotic intention of President Wilson to make the system a success. But we have no present intention of joining the federal reserve system, nor of converting into a national bank, and our principal reason for declining to remain outside and of continuing to operate as a state bank is John Skelton Williams, the present Controller of the Currency, from whose authority we are now happily and wholly free—and we intend to remain so."

HOME OF AVERAGE MAN.

"But America is not simply a land for the man of special talent or of distinguished aptitude. This is the home of the average man, the ordinary man who is doing his best, whatever, by talent or aptitude and in our large industrial occupations where thousands are gathered together in one service, we want a recognition of human brotherhood in providing for the welfare of those who make the wealth of this great country."

"We want workmen to be safeguarded from every injury that can be prevented. We want the health of the workmen looked after; every means provided which conduces to the proper standpoint of living; every means provided for proper recreation; appropriate means for education, for vocational training. In short the workman who is on the job and expects to continue in that job ought to feel that he is doing something worth while for a community that appreciates it and gives him a fair chance to lead a happy and decent life."

Using kites to lift an aerial, experts of the United States army have increased the efficiency of field wireless equipment from six to thirty miles.

DENIES ASSAILING MR. HUGHES

Percy Mackaye, playwright, whose name appeared as one of the signers of the so-called "Authors' letter," published in the newspapers last week, knew nothing about the matter until after publication, according to a statement given yesterday at Republican national headquarters. The letter attacked Charles E. Hughes' criticism of President Wilson as "non-constructive" and propounded ten questions for Mr. Hughes to answer. In a letter to Mr. Hughes Mr. Mackaye said:

"My attention has just been called to an open letter addressed to you, printed in the New York Herald of August 2, signed by a number of professional writers, among whom my name is included. I beg to send you this word, to say that I did not sign the letter and never saw or heard of the letter until it was shown to me in print."

It was stated at Republican headquarters that neither Mr. Hughes nor any of his staff had seen the letter except as it appeared in the newspapers.

A woman could be quite happy in sack-cloth so long as there wasn't another woman in the world dressed in satin.

AN ACT OF KINDNESS

A Maysville Resident Speaks Publicly for the Benefit of Maysville People.

If you had suffered tortures from kidney trouble, Had experienced with different remedies without relief; If you were finally cured through a friend's suggestion— Wouldn't you be grateful? The following statement has been given under just such circumstances: Mr. Gallenstein has used Doan's Kidney Pills.

He publicly tells of the benefit he has received. His simple act of kindness to other Maysville sufferers.

No need to experiment with such convincing evidence at hand. Mr. Gallenstein speaks from experience. You can rely on what he tells you. Henry Gallenstein, blacksmith, Poplar St., Maysville, says: "Doan's Kidney Pills are the best of kidney medicines. I have used different kinds and no other has ever equalled this one. When my kidneys were out of order and I had pain in my back, I used Doan's Kidney Pills. They stopped the pains and strengthened my kidneys. The cure has been permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. Foster-Milburn Co., Props., Buffalo, N. Y.

POLICE CHIEF FINED

Paris, Ky., August 31.—The first arrest under the recently passed city ordinance prohibiting the parking of automobiles on Main street was made today by Patrolman George Judy when he arrested his superior officer, Chief of Police Luk, charging him with a violation of the ordinance. The Chief was assessed a fine of \$5 and costs, which was suspended.

GOOD WORK FOR SICK WOMEN

The Woman's Medicine Has Proved Its Worth.

When Lydia E. Pinkham's remedies were first introduced, their curative powers were doubted and had to be proved. But the proof came, and gradually the use of them spread over the whole country. Now that hundreds of thousands of women have experienced the most beneficial effects from the use of these medicines, their value has become generally recognized, and Lydia E. Pinkham's Vegetable Compound is the standard medicine for women.

The following letter is only one of the thousands on file in the Pinkham office, at Lynn, Mass., proving that Lydia E. Pinkham's Vegetable Compound is an article of great merit as shown by the results it produces.

Anamosa, Iowa.—"When I began taking Lydia E. Pinkham's Vegetable Compound I suffered with a displacement, and my system was in a general rundown condition. I would have the headache for a week and my back would ache so bad when I would bend down I could hardly straighten up. My sister was sick in bed for two months and doctored, but did not get any relief. She saw an advertisement of your medicine and tried it and got better. She told me what it had done for her, and when I had taken only two bottles of Lydia E. Pinkham's Vegetable Compound my head began to feel better. I continued its use and now I don't have any of those troubles."—Mrs. L. J. HANNAH, R.F.D. 1, Anamosa, Iowa.

SCHOOL NEWS

A new janitor has been placed in the High School building, Noah Johnson. Johnson succeeds Albert Hubbard, who held the position as janitor in that building for a number of years.

The swings, trapeze, rings, etc., have been placed on the frames at the First District and Forest Avenue buildings. The money used in paying for these was taken from the entertainment fund.

The examination for teachers in the city schools was held Saturday in the High School Building. Examiners Bradner of Ashland and Sluss of Covington conducted the tests. Examiner Squires of Carlisle was unable to attend on account of sickness.

All of the buildings have been thoroughly cleaned and made ready for the opening of school tomorrow. A short session will be held in the morning in order to give the students a list of their books, and then school will dismiss for the remainder of the day in order to give the students a chance to obtain their supplies.

Quite a number of the new teachers have arrived. Prof. Deas E. L. French, of New York, supervisor of science in the High School; Prof. Lewis Duke of Monmouth, Iowa, supervisor of mathematics; Miss Elsie Heller of Paris, Ky., supervisor of Latin; Miss Marjorie Kelley of St. Joseph, Mich., German; and Miss Elizabeth Williams of Paris, Ky., music supervisor were in the city Saturday.

OUR COLORED CITIZENS

The members of Scott M. E. Church are making preparation for a ten days' festival beginning with an all-day reunion of the congregations of the city churches at Maysville, Washington, North Fork, Mt. Olivet, Flemingsburg, Aberdeen, Dover, Manchester, Lewisburg, Germantown and all other organizations of christian people. Revs. Lee, Harris, Rice, Small, Rice, McFarland and other able preachers and singers will be present.

There will be special programs each evening in the week. Closing with a recital Friday night by Miss Ethel Flemings of Springfield, Ohio, a graduate of Antioch University, and Dayton Musical Conservatory.
